Universidad San Francisco de Quito

Student Recommendation Form

Applicant's name _____

Phone _____ Email _____

Referee: The student listed above has applied to participate in an intensive semester study abroad program in Ecuador, South America. The course involves travel to remote field sites including the Amazonian lowlands and the Galapagos Islands, and extended home stays with Ecuadorian families. Students, instructors, and course assistants live together in a close and energetic academic environment that presents intellectual and interpersonal challenges to everyone involved. To succeed in the program, students should have a basic understanding of the principles of biology, and have taken one 4-credit university course in biology, zoology or botany. Please provide an evaluation of the applicant's academic preparedness, maturity, interpersonal skills, and potential for success and satisfaction in this type of program.

For how long have you known the applicant? _____

In what capacity? _____

Please attach a letter of recommendation for the applicant, in the context of the situation described.
